-:: संदेश ::-

जल, जमीन और जंगल का उचित उपयोग कर किसानों की सामाजिक और आर्थिक स्थिति को मजबूत किया जा सकता है। भारत में औसत वर्षा लगभग 120 सेमी० है। प्राप्त वर्षा का एक तिहाई भाग, अर्थात् 40 सेमी०, ही फसल के उपयोग में आता है। खरीफ फसलों की जल आवश्यकता 60 सेमी०, रबी फसलों की जल आवश्यकता 40 सेमी० और जायद फसलों की जल आवश्यकता 50 सेमी० को जोड़ कर वर्ष भर में फसल के लिए कुल 150 सेमी० जल की आवश्यकता होती है। अतः फसलोत्पादन हेतु 110 सेमी० जल सिंचाई द्वारा उपलब्ध कराना ही होगा।

उत्तर प्रदेश में उपलब्ध जल का लगभग 93 प्रतिशत भाग सिंचाई में उपयोग होता है। सुजित सिंचाई क्षमता का अधिकतम उपयोग कर कृषि उत्पादन एवं उत्पादकता में वृद्धि करने की अपार सम्भावनाएं हैं।

जल विकास योजनाओं का मुख्य उद्देश्य जल की विभिन्न क्रियाओं द्वारा होने वाली हानियों को न्यूनतम करते हुए भूमि की क्षमता को ध्यान में रखते हुए, उपयुक्त फसल चक्रों को अपनाकर उत्पादन एवं उत्पादकता में वृद्धि करना है। इसके लिए आवश्यक है कि सिंचाई जल का इष्टतम उपयोग इस प्रकार किया जाए कि भूमि के पोषक तत्वों का अनुकूलतम उपयोग फसल उत्पादन में किया जा सके। इसके लिए यह आवश्यक है कि प्रति इकाई सिंचाई जल से पैदावार/उत्पादन में वृद्धि हो एवं भूमि एवं जल प्रबन्धन के इष्टतम समन्वय से सिंचित क्षेत्र में बहुगुणित वृद्धि हो।

उक्त उद्देश्य को प्राप्त करने के लिए सिंचाई विभाग के सभी अधिकारियों/कर्मचारियों को सहभागी सिंचाई प्रबन्धन विषय पर प्रशिक्षण देकर सहभागी सिंचाई प्रबन्धन अधिनियम, 2009 को प्रभावी ढंग से लागू किया जाए।

राज्य में सिंचाई जल प्रबन्धन के प्रशिक्षण में जल एवं भूमि प्रबन्ध संस्थान (वाल्मी) लखनऊ की महत्वपूर्ण एवं अग्रणी भूमिका रही है, इसलिए मुझे पूरा विश्वास है कि संस्थान के इस प्रशिक्षण कैलेंडर जून 2016 से मार्च 2017 की अवधि में प्रशिक्षण कार्यक्रमों में प्रशिक्षणार्थियों की उपस्थिति से विभाग को तकनीकी एवं गैरतकनीकी कार्यों के सम्पादन को कुशलतापूर्वक करने में सहायक होगी एवं जल प्रबन्धन के क्षेत्र में श्रेष्ठता प्राप्त होगी।

(दीपक सिंह)

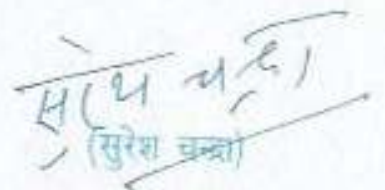

संदेश :-

जल एक प्राकृतिक संसाधन है जिसकी उपलब्धता आमतौर से वर्षा पर निर्भर है तथा राज्य में वर्षा अधिकांश वर्षों में सामान्य से कम एवं अनिश्चित रहती है। कुल उपलब्ध जल का लगभग 80 प्रतिशत हिस्सा कृषि क्षेत्र में सिंचाई के लिए उपयोग में लिया जा रहा है व सिंचाई हेतु सतही जल के साथ-साथ भू-जल का दोहन भी तीव्र गति से होने के कारण भू-जल स्तर निरन्तर गिरता जा रहा है। कृषि के अतिरिक्त अन्य क्षेत्रों में भी लगातार जल की मांग बढ़ती जा रही है, जिससे जल की उपलब्धता एवं मांग में अन्तार तेजी से बढ़ रहा है।

वर्तमान में इस चुनौती से निपटने के लिए जल प्रबन्धन ही एक मात्र हल है। यह आवश्यक है कि जल का संग्रहण एवं संरक्षण सही ढंग से किया जाये तथा जल वितरण व्यवस्था को न्यायोचित एवं सुदृढ़ बनाया जाए। खेती में सिंचाई की आधुनिक वैज्ञानिक पद्धतियाँ अपनाया जाना आवश्यक है, जिससे जल की भारी बचत कर सिंचाई क्षेत्र की बढ़ाया जा सके।

राज्य में लागू सहभागी सिंचाई प्रबन्धन अधिनियम, 2009 में यह बल दिया गया है कि विभागीय अधिकारियों के साथ-साथ कृषकों की सहभागिता आवश्यक है, ताकि कृषकों में सुव्यवस्थित सिंचाई प्रणाली के प्रति स्वामित्व एवं जिम्मेदारी की भावना जागृत हो सके। राज्य में इस महत्वपूर्ण कार्य को पूरा करने के लिए जल एवं भूमि प्रबन्ध संस्थान (वाल्मीकि), लखनऊ की महत्वपूर्ण भूमिका है। मुझे विश्वास है कि संस्थान अपने इस प्रशिक्षण कैलेंडर जून 2016 से मार्च 2017 के अनुसार विभागीय अधिकारियों एवं कर्मचारियों को प्रशिक्षित कर सहभागी सिंचाई प्रबन्धन को अपनाने में पूर्ण सफलता हासिल करेगा।

(सुरेश चन्द्रा)

From The Director's Desk

The state of Uttar Pradesh embarked upon a program of executing a number of Irrigation and power projects. The Convoluted field investigation and design of water resources projects necessitated the establishment of Irrigation Research Institute in 1926. Very little capacity building program was undertaken by this research institute.

The need of Capacity building in the domain of Water and Land Management was sprouted during seventies. The water and Land Management Institute (WALMI) came into existence during 1984. The basic objective of the institute was to train farmers and the line agency officials of the Irrigation Department Uttar Pradesh. After proclamation of the "Uttar Pradesh Participatory Irrigation Management Act, 2009" WALMI became the hub of the training activities.

The new domain of activities of the institute is for Officials & Officers of Irrigation Department. Institute conducts capacity building programs for Officials & Officers of Irrigation Department for regarding PIM activities.

From a modest beginning the role of the institute kept changing over time and now its role is multifaceted and specialized. The training calendar of the institute for the trainings of Participatory Irrigation Management has been prepared to cater the need of Officials & Officers of Irrigation Department. I hope this will serve the institutes

(SK Patil)
Director

WATER AND LAND MANAGEMENT INSTITUTE (WALMI) LUCKNOW-226025
